

Having played golf over six decades I have been fortunate enough to enjoy the splendid game at different levels, make lifelong friends and actually grow as a person. They say that one of the best things to do in life is to pursue your passion, and I'm glad to say that I am one of the few that actually gets to work in the industry that I have a passion for.

We have all experienced change over the last year or so and I'm pleased that the past year has opened a door to new opportunities within the golf world for myself. Now enrolled with the NZPGA as a trainee affords me the ability to deliver improved experiences for all golfers.

Golf Operations is obviously a huge part of my role at the club and something that requires a high level of professionalism and integrity. While providing a great service to members, engaging with visitors (whether they are groups, sponsors or potential members) must also be an amazing experience.

Professionally run events and tournaments from 2 to 200 participants are all part of the forte. From start to finish we assist in handling every detail, ensuring a successful event. We'll help determine the format that suits and develop a complete schedule of activities. A variety of formats, pricing and starting options are available. On the day of the event we will set up the registration for players, produce the start sheet, issue the named score cards and rules. We can also set up long drive and closest to pin competitions.

Inspiring more people to play and enjoy golf has always been part of my ethos, and this coincidentally is the vision of the NZPGA. My role as a PGA trainee will allow a process of continuous improvement to occur for both myself and the club while introducing and/or enhancing initiatives.

Accessibility to NZPGA professional coaching is integral to growth in general. Initiatives such as She Loves Golf, Youth Programmes and our Novice Membership coaching programme will continue to provide a great service to members, with one-on-one professional golf coaching also available. One of the most important things to note regarding coaching with a PGA Professional is that we all take an athlete centred approach, meaning that you can trust us to focus on what is best for you.

Our golf shop is the one stop shop for all members and guests, stocked with a great range of golf equipment, accessories and apparel means that you can get all your golf gear locally and get the best possible professional advice. While we don't carry a huge range of clubs we do run club fitting days. A club fitting day is where you can make an appointment to come along to the club driving range and our expert fitting team from Titleist will individually fit you to clubs. This is a free service with no obligation to buy, full specifications supplied.

Titleist will be on site on 25th May with appointments available throughout the day. Please contact me as soon as possible to book your time as this is always hugely popular. This fitting day will be run by the Titleist fitting team and my role will be to assist during the day. That means that I will be available to guide players throughout the day to ensure the best possible support for your next club purchase.
