SUPPORTING OUR PLAYERS

DJGC will be implementing a team approach for tournaments through 2021. We will offering *all players* the opportunity to seek financial support through the club for a portion of travel, fees, accomodation etc. A code of compliance will be introduced and applicants will need to apply for funding. There will be a set amount of funding per tournament and *all* applicants receiving funding will need to pay back via hours and commitments into the younger players. With this in mind we will be seeking funding and sponsorships from the community.
